Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Special Security Division

FROM : Executive Officer, I&SO

SUBJECT: Completion of Old Partial Investigations (4-15-9)

DATE: 26 August 1952

1. Attached is a recommendation from the [REDACTED] Report, subject 25X1A as above captioned.

2. As we all know, the completion of old partial investigations is something that we have planned to accomplish when our work load permits. Under present "ceiling freeze" conditions and the curtailment on hiring, more definite planning should now be done in order to determine our current capabilities to allow us to tackle this old backlog.

3. It is requested that you determine the present and estimated future capabilities of SSD to resume investigation of these old cases and that you coordinate with the Chief, SD, and arrange for that Division to examine into these old cases and request the required additional investigation at a time which will be commensurate with the capabilities of SSD to handle the added work.

4. Please keep this office advised by memoranda of the progress which is made on this project.

*I believe we already
have such a plan.
pls cover it & confirm
it by memo. RHE*
